the Penn State Psychological Clinic, and SCASD presents

6th Annual Central PA Workshop on Evidence-Based Mental Health Services

Holly B. Waldron, PhD

Senior Scientist, Oregon Research Inst.
Director of the Center for Family and
Adolescent Research (CFAR)

“Functional Family Therapy: A Flexible, Adaptive Approach for Behavioral Health Clinicians Serving Adolescents and Their Families”

Community-based behavioral health practitioners who serve adolescents address a broad range of problem behaviors, including substance use, disruptive behaviors, depression, and trauma-related stress. Clinicians often refer youth to specialized addictions treatments and develop an array of intervention strategies to address other disorder-specific skills. One result is that youth receive multiple interventions that may not be well coordinated. Functional Family Therapy (FFT) is a brief, multi-systemic evidence-based treatment that can be tailored to address a wide range of presenting problems within a single unified approach. The workshop will provide an overview of FFT, present strategies for engaging families, eliciting motivation for change, enhancing family relationships, developing youth and family strengths, and resolving presenting problems. Specific substance-related intervention strategies will be discussed, along with ways to structure treatment to address multiple co-occurring problems within the family.

LEARNING OBJECTIVES

- Become familiar with the key features of FFT for adolescent problem behaviors.
- Describe the clinical techniques used to enhance motivation for change in troubled families.
- Develop knowledge and skills for enhancing family communication, problem-solving, and related skills.
- Develop knowledge and skills for addressing multiple, co-occurring adolescent problems.
- Describe strategies for preventing problem relapse and maintaining treatment gains.

Friday, May 10, 2019

9:00 a.m. – 3:00 p.m., 127 Moore Building, University Park

REGISTRATION IS REQUIRED at
csc.la.psu.edu/training-institute/workshops
\$50 for current Penn State affiliates,
\$75 for non-Penn State attendees,
\$15 PSU Graduate Students
